### BEAT IT! BEAT IT! CHEVROLET

The mechanical construction of the Chevrolet is equal to that of any \$1000 to \$1200 machine on the market, and it rides equal to any car at any price.

Some of the special features of this car are the bronze bearings backed with babbit lining, which makes them stronger and they will not burn out. The crank shaft is 1 7/8 inches while other small cars are only 1 1/4. It is also three bearing. It has a three-quarter floating rear axle and a clutch collar that has them all beaten. There are three speeds forward and reverse and it can go two miles or fifty on high, which makes it an exceptional hill climber. The engine test is 22 on A. L. A. M. rating and 33 on brake test. The car weighs 1700 pounds and has 102-inch wheel base. All these advantages you get in the Chevrolet; but come in and let us demonstrate it to you, whether you are a prospective buyer or not.

## National dress-up week!

*Have you read about it?*

Down in the heart of every man is the desire "to put his best foot forward." But the world is a busy place—and we often forget how we look.

Dress-up week is a national campaign to remind all men that personal appearance is a big factor. Make it count in your favor by wearing

**Styleplus  
Clothes \$17**

"The same price the nation over"

MARK

We endorse them absolutely. All the style you can get at any price. A fashion artist has made a national reputation by his work on this suit. Wear is guaranteed by the fine quality all wool fabrics. Any one can see that the clothes are skilfully tailored.

Dress up. Pay a medium price. Wear **STYLEPLUS**, the suit of sensational values—due to the maker's method of specializing on this suit of one price. For sale nowhere else in town.
